Our car is a 1958 Triumph TR3A

We reside in the Constantia Kloof area on the West Rand

The car was purchased from Ivor Carlson at “Cars in the Park” Pietermaritzburg in 2011 after good recommendations by Triumph friends!

From memory Ivor purchased Madam in 1979 as bits and pieces and finally had her on the road in 1995 after all the hard work of restoration.

The car is used almost solely for Triumph Club or other motoring meetings and the odd breakfast run.

I am also a keen biker with a 1976 Honda Goldwing GL1000 which I have owned since 1985. Also a K3 Suzuki GSXR1000 and a Giant 29” Mountain Bike (Not enough power)!

To add to my collection, I have also just acquired a 1969 Alfa Romeo GTV 1750 so it would seem that I have enough to keep me busy for the immediate future!
